## SEQUENCE OF STEPS: BRUSHING YOUR TEETH

The diagram consists of seven empty rectangular boxes with blue borders, arranged in a sequence from left to right. The boxes are connected by blue footprints that indicate the direction of the sequence. There are four footprints between the first and second boxes, four between the second and third, three between the third and fourth, and three between the fourth and fifth. The fifth box is a single large rectangle, while the others are smaller. The footprints are stylized and blue.
