6 February 2007

Dear ACS Graduate

We are pleased to give credit to successful ACS graduates who apply to do our Bachelor of Information Technology course. Credit will be granted for eight subjects (1 year equivalent) for ACS graduates with at least a Credit (CR) average in the eight DIT Examinations.

The subjects credited are as follows:

ITC106	Programming Principles
ITC114	Database Management Systems
ITC161	Introduction to Information Technology
ITC211	Systems Analysis
ITC242	Data Communications
ITC331	Security, Privacy & Ethics
ITC02C	Two unspecified IT electives at level 1

Although at this stage we would always grant credit for eight (8) subjects, the actual subjects may change on or as required basis due to change in either ACS or CSU courses.

If you need any further information about our University, please do not hesitate to look at our web site <http://www.csu.edu.au/study/inquiry>; contact info.csu on telephone 1800 334 733 (free call within Australia) or email us at [inquiry@csu.edu.au](mailto:inquiry@csu.edu.au)

Yours faithfully

Dr. John Atkinson  
Sub Dean of IT
