

September 2007

Dear ACS Student,

RMIT University recognises the successful completion of the ACS Diploma of Information Technology for credit towards the Bachelor of Technology (Computing Studies) offered in Melbourne.

Credit of 96 credit points will be granted towards the Bachelor of Technology (Computing Studies), (equivalent to one third of the degree) for the completion of eight (8) ACS Diploma of Information Technology subjects with a resultant average of at least Credit (CR).

If you require further information about RMIT University, please do not hesitate to look at our website: www.rmit.edu.au. Specific information about the Bachelor of Technology (Computing Studies) can be found at the School of Computer Science and Information Technology website: <http://www.rmit.edu.au/csit/programs/>.

Enquiries should be directed via email to: isu@rmit.edu.au

Yours faithfully

Professor Mark Shortis
Dean Academic Development
Science, Engineering & Technology Portfolio
