

## The Future ICT Professional with Cyrus D'Cruz

### The Presentation...

These quarter one EdXN sessions look at employment trends in ICT as a career and industry growth areas and are specifically aimed at the human perspective of the ICT employment evolution, based on industry insight into ICT recruitment trends.

### The Presenter...

As Executive General Manager, Information Technology & Telecommunications for Hudson Australia, Cyrus D'Cruz is responsible for the management and continued growth of Hudsons' specialist national IT&T recruitment practice.

An Applications Engineer with an honors degree in Engineering and Marketing as well as numerous post-graduate course studies in Business Management, Cyrus has been in recruitment with Hudson for over 10 years and is an expert in best-practice recruitment.

### Who Should Attend?

Anyone with an interest in Information and Communication Technology employment trends.
